

Postcard Series for Brad Dorner Janitorial

This postcard series was developed to mail a different version each month on rotation.

The client wanted to print these on his in-house printer and chose BLACK AND WHITE over color.

The client supplied the factoid, and I built the copy and design around his factoid.

Brad Dorner Janitorial
Professional office cleaning for 15 years
2902 E. 2nd, #73 • Newberg, OR 97132

What's in the air you breathe?

Brad Dorner Janitorial
Professional office cleaning for 15 years
2902 E. 2nd, #73 • Newberg, OR 97132

My goal is to remove the dust from your office space, not just move it around.

We breathe in 3,400 gallons of air every day.

Brad Dorner Janitorial uses special microfiber cloths that attract dust. And, we clean your office thoroughly with a special vacuum that has an "5" Class filtration system that will trap 99.9% of particles even as small as 0.3 microns.

- 94% 100% customer satisfaction rating
- We use people and earth friendly products
- We may save you money

Who is cleaning YOUR Office?

The security of your office while cleaning is so important to me, that I personally do the work.

I DO NOT use a cleaning crew. Know who's in your office at all times! Call Brad Dorner Janitorial for the personal touch.

Now you have access to the same mopping system using by the University of California Davis Medical School!

Brad Dorner Janitorial uses this technology for their clients' floor surfaces that need a thorough sweep and mop.

FIRST—the floor is dry-mopped with a microfiber mop, which has positive-charged fibers to attract dust.

SECOND—each floor surface (bath, kitchen, etc.) is mopped with a clean wet mop.
